Re: MB Docket No. 04-233
Dear Ms. Dortch:

I currently have the honor of serving as President of the Rotary Club of Quincy. We are an international service organization who is deeply committed to our community as well as our world.

As one of the largest Service Clubs in Quincy, we rely on our local television and radio station to get the word out as we have significant weekly speakers, recognition of community leaders, celebration of youth and their activities and accomplishments and opportunities to assist our various not-for-profit organizations to receive acknowledgement that they work so diligently for.

WGEM supports our clubs efforts by covering our identified programs when requested, introducing our foreign exchange visitors and vocational teens to local broadcasting techniques, and provides specialized coverage for our specified fundraising events that benefit many of our community organizations. In addition, as our International organization provides us with PSA's that bring the great works of Rotary to our local community, WGEM broadcasts those PSA's to bring awareness to our community about the international and local impact of Rotary Programs.

I am confident that whenever the request is made to assist our organization, WGEM makes every effort to accommodate us.

Respectfully submitted,

A handwritten signature in black ink that reads "Nancy Waters". The signature is fluid and cursive, with the first name and last name clearly distinguishable.
